

# BEZMAKSAS DROŠA VELONOVĪETNE

**1** Lai pieslēgtu velosipēdu, lejupielādē "BIKEEP" lietotni un noskenē QR kodu vai noskenē jebkuru bezkontakta karti, lai aktivizētu slēdzeni.

The diagram illustrates two methods for activating the lock. On the left, a smartphone is shown with the 'bikeeep' app icon. An arrow points to another smartphone displaying a QR code. To the right of this is a circle containing the word 'vai' (or). Further right, a hand is shown holding a contactless card over a lock's sensor. The entire process is framed by a download icon on the top left and a Wi-Fi icon on the top right.

Lejupielādē Bikeeep lietotni un noskenē QR kodu

Noskenē jebkuru bezkontakta karti, lai aktivizētu slēdzeni

**2** Slēdzenē ievieto velosipēda rāmi un riteni!  
Pēc skaņas signāla, slēdzene ir aktivizēta.

The diagram shows the physical steps to lock the bike. On the left, a bicycle is shown with the lock being lifted upwards. An arrow points to the right, where the bicycle is shown with the lock lowered and the user clicking it. The process is framed by an unlocked lock icon on the top left and a locked lock icon on the top right.

Pacel slēdzeni uz augšu un ievieto savu velosipēdu

Aizver slēdzeni lejas pozīcijā līdz klikšķim un pārlicinies, ka tā ir slēgta

 Lai atslēgtu slēdzeni, vienkārši pabeidz sesiju lietotnē
